Names of bids whose bids were either rejected as nonresponsive or not meeting qualification criteria, or not evaluated

Agrifocus - Agricultura e Comércio Internacional, Lda – Justifications:

- a) The Bidder offers a delivery period of 90 days for feeders and drinkers and 60 days for the vaccines;
- b) The proposed delivery period cannot be considered substantially commercially responsive because due to extra 45 days gap of time one full cycle of 120,000 birds will be lost rendering an economic loss of around 25M MZN to the Beneficiaries;
- c) Being considered non-substantially commercially responsive the Bid cannot be accepted for further examination;

JV + Saude, Lda & Intermed Mozambique, Lda. – Justifications:

- d) The letter of bid offers to “supply of laboratory equipment, hatchery and feed plant”; it is not stamped; the signature of Mr. Custodio Gabriel Bila doesn't match with the signature of the same person in other documents; doesn't present the Letter of intent to constitute a legally enforceable JVCA nor draft agreement;
- e) The bid security is not in the proper form: in Portuguese language and different writing;
- f) Not having a Letter of Bid properly signed by the nominated authorized person and a bid security not in the proper form turns the Bid non-substantially commercially responsive;
- g) Being considered non-substantially commercially responsive the Bid cannot be accepted for further examination.
